All Wedding Images on a Disc

We will supply ALL the selected images in ready to print format on a disc with an Image Licence allowing you to make unlimited reprints. This means that you can arrange reprints for family members, create your own albums, email images to friends and family, print large format photographs and put on social networking websites (subject to accreditation). The disc is supplied in a presentation case.

Additional Elements

Once you have selected your main package, you may then choose additional items to create your unique package, if they are not already included in your package price.

Pre-Wedding Photo Session - £89.00 First Hour, £48/hour for the next hours

This special portrait session is the perfect opportunity for couples to get to know their photographer and establish that vital rapport essential in helping you achieve the natural looking wedding photographs you want.

The pre-wedding photo shoot is an informal and fun photo shoot at the location of your choice (depending on your location, some travelling expenses may apply)

Our pre wedding photo shoots allow couples to see how we will work together on your wedding day - and in our experience relaxes couples tremendously before the actual wedding day photographs are taken.

Of course this also gives us the opportunity to show you some great photography of yourselves as a couple too, which you will love - giving you even more confidence for the wedding day ahead!

Trash the Dress Photo Session - £89.00 First Hour, £48/hour for the next hours

So why not have a little fun with your dress before you pack it away?

A *trash the dress* session is the perfect chance to take all the pictures you wanted on your wedding day but didn't for fear of getting your gown messed up. With these sessions, you don't have to tip-toe: get your dress wet, play in the dirt, sit on benches, and relax on street corners.

If you're worried that we're actually going to make you trash your dress, relax. The goal of this session is not to *destroy* your wedding gown, it's to *create* fantastic images. Sure, you might incur a grease stain or tiny tear, but you'll have beautiful pictures and great memories to show for it.

Photo Album – from £100 depending on size and finish. To be discussed

Prices and packs are flexible and subject to discussion.

To secure your wedding date in advance of your consultation, a non-refundable booking fee of £80 is required at the signing of the contract. This fee is deductible from your final wedding price.
